A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.

The American Indian Movement (AIM) is a Native American advocacy group in the United States, founded in July 1968 in Minneapolis, Minnesota. AIM was initially formed to address Native American affirmation, treaty issues, spirituality, and leadership while simultaneously addressing incidents of police harassment and racism against Natives forced to move away from reservations and tribal culture ...

A secondary school is both an organization that provides secondary education and the building where this takes place. Some secondary schools can provide both lower secondary education and upper secondary education (levels 2 and 3 of the ISCED scale), but these can also be provided in separate schools, as in the American middle school- high school system.

Gemini II The original Gemini 2 program was a vital part of NASA's task of putting a man on the moon and returning him safely to earth. The Gemini 2 program was a series of flights that put astronauts in low-earth orbits to test their ability to endure prolonged stays in space as well as the craft's ability to re-enter earth's atmosphere.
