Most pancreatic cancers are exocrine cancers. Pancreatic neuroendocrine tumors (NETs), or islet cell tumors, are less common but tend to have a better outlook (prognosis). If you have pancreatic cancer or are close to someone who does, knowing what to expect can help you cope. Here you can find out ...

In mathematics, a differentiable manifold (also differential manifold) is a type of manifold that is locally similar enough to a linear space to allow one to do calculus. Any manifold can be described by a collection of charts, also known as an atlas. One may then apply ideas from calculus while working within the individual charts, since each chart lies within a linear space to which the usual ...
