In informal logic and philosophy, an argument map or argument diagram is a visual representation of the structure of an argument. An argument map typically includes the key components of the argument, traditionally called the conclusion and the premises, also called contention and reasons. Argument maps can also show co-premises, objections, counterarguments, rebuttals, and lemmas.

A shadow is a dark area where light from a light source is blocked by an opaque object. It occupies all of the three-dimensional volume behind an object with light in front of it. The cross section of a shadow is a two-dimensional silhouette, or a reverse projection of the object blocking the light.

The Difference between Essays and Reports. A report is a piece of informative writing, while an essay writing is structured around an introduction, body, conclusion, and the essay itself.. While a report always goes to the process of identifying and evaluating the extent of issues in a report, essays focus is slightly different.
